

Dear Lord Mayor,

I am a long time supporter of you, but am dismayed at the position you have taken on Barangaroo.

I can't understand how you can defend the Lend Lease plan for Barangaroo, while the council you lead has unanimously opposed the lack of transparency, the hotel in the harbour and the bulk of the buildings and has called for the Central Sydney Planning Commission to be the consent authority.

Your continuing presence on the BDA would seem to endorse a flawed planning process and grotesque overdevelopment. I hope you will now decide to exit the BDA and lead a unified opposition to Barangaroo, Part 3A and the proposal to abolish the Central Sydney Planning Commission.

Yours sincerely,
