

THE REDEVELOPMENT OF BARANGAROO

(Darling Harbour East Foreshore from King Street Wharf to Millers Point)

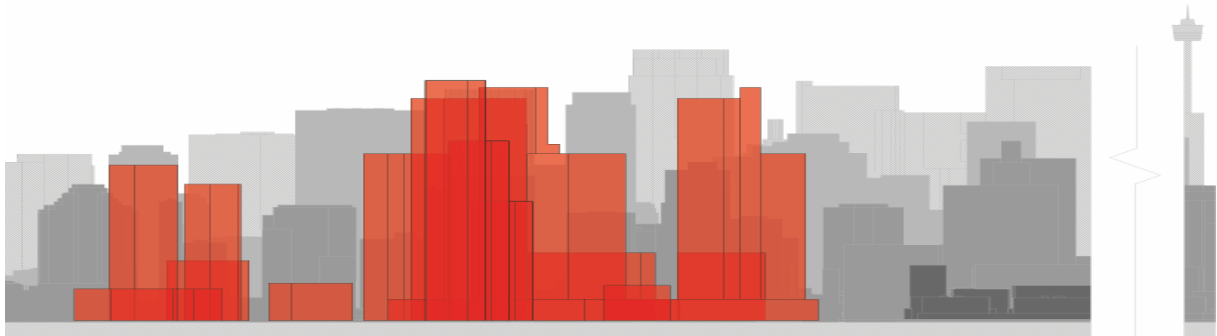

Barangaroo has been the subject of a lengthy NSW Government run planning process with little disclosure and community involvement to date, and which will shortly result in a contract to Lend Lease for a development which many believe is a gross overdevelopment of the site.

DO YOU WANT AN ENVIRONMENTALLY SYMPATHETIC DEVELOPMENT SIMILAR TO THE AWARD WINNING CONCEPT?

Barangaroo Action Group aims to ensure:

- Open and proper planning processes are adopted
- Commercial considerations do not outweigh aesthetic and environmental factors
- The NSW public is made fully aware of issues that will affect Sydney for decades to come
- Important questions, such as why the development of an area as large as the commercial area of North Sydney is to be carried out by a single developer, are not left unanswered
- The NSW public understands why Paul Keating and the NSW Government is championing a plan that provides for a 60 storey hotel to be constructed over harbour waters 150 metres from the foreshore
- The NSW public understands why Paul Keating and the NSW Government is championing a plan that provides for 50% more commercial space and 20% more height than the plan *unanimously* chosen by an independent jury, which included Paul Keating
